

NNEdPro 2018: Supporter Statements

I am pleased to convey my best wishes and congratulations on the 10th Anniversary of NNEdPro. The outstanding efforts and commitment of Prof Sumantra Ray and his colleagues have achieved outstanding global recognition for their work.

The subject of nutrition and health is most important in a world that we live in where some people are suffering from obesity and millions of others are suffering from malnutrition. Education about what to cook, how to cook, what to eat for a healthy living is most important, NNEdPro is doing an outstanding service in many countries in educating in health and nutrition. I am honoured to be associated with this project. I convey my appreciation to all who are working hard for this project. I have no doubt that this project is now well founded and growing from strength to strength over coming years.
